Aiversecity: Career Discovery, Reimagined.

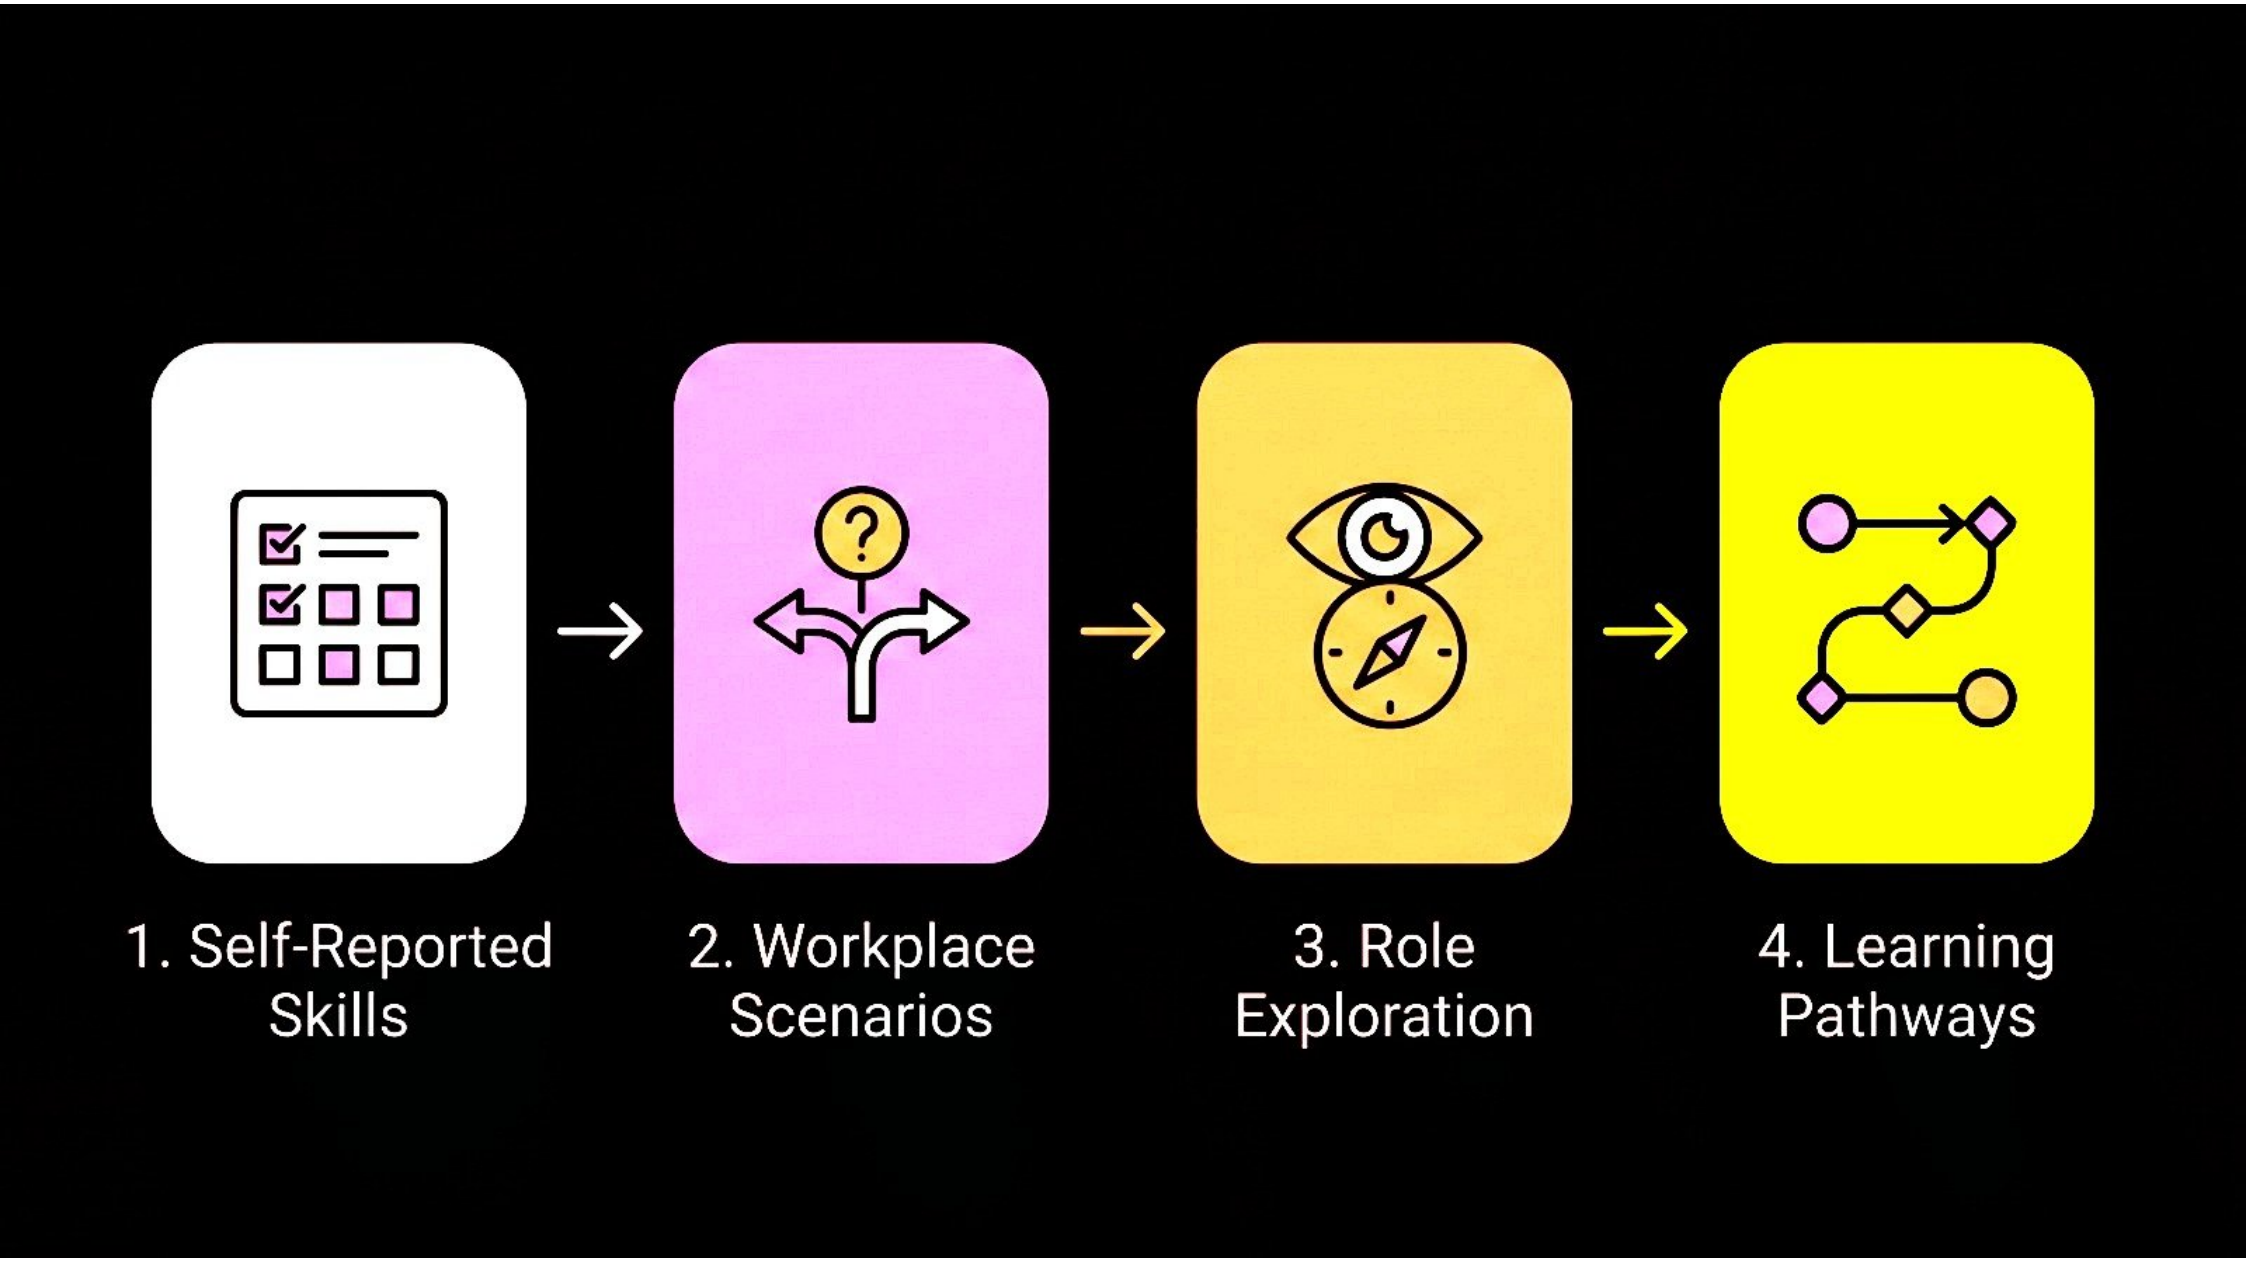

By Team Ctrl+S | Domain 1: Future-Ready Workforce

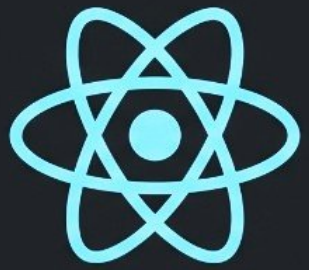

The Gap: Scattered Information.

- Uncertain AI impact
- Disconnected learning resources
- Overwhelming career choices.

1. Self-Reported Skills
2. Workplace Scenarios
3. Role Exploration
4. Learning Pathways

Transparent & Deterministic.

React

TypeScript

Replit

- Rule-based capability signals
- No live AI/LLM recommendations
- Fixed public data endpoints

SDG Target 4.4: Technical & Vocational Skills

- Focuses on practice, not promises
- Does not predict local job markets.
